

Macomb County Public Works Office Tuesday, September 17th at 6:30pm

**Do you know what the Macomb County Public
Work Office does?**

**Join Anthony Lewis as he shares what they are
working on for the residents of Macomb County.**

**The MCPWO administers nearly 900 county
drains that prevent flooding in our communities.**

**Some of these drains are open streams or
creeks, while others are massive underground
structures that carry storm water away from
neighborhoods and businesses.**
